RE: APPLICATION FOR THE POSITION OF AFISA TEHAMA DARAJA LA II (SYSTEM ADMINISTRATOR)

Dear Sir/Madam,

I am writing to express my interest in the position of **Afisa Tehama Daraja la II (System Administrator)** at the Parliament of Tanzania (Ofisi ya Bunge), as advertised. My name is **Halidi Selemani**, a Software Engineering graduate from the **University of Dodoma**, with strong practical experience in software development, systems administration, and ICT support.

I have solid skills in managing both Linux and Windows server environments, performing system installation, configuration, monitoring, and maintenance. My experience also includes database management using **MySQL**, **PostgreSQL**, and **SQL Server**, as well as supporting system security, backup procedures, disaster recovery planning, and user access management.

Additionally, I am proficient in developing and maintaining internal systems using technologies such as **JavaScript (React, Node.js)**, **PHP (Laravel)**, **Java**, and **Python**. I have experience creating secure RESTful APIs, conducting system debugging and testing, maintaining technical documentation, and using **Git/GitHub** for version control. I also support ICT operations through effective troubleshooting, user assistance, and network-related tasks.

I am highly motivated to contribute to the Parliament of Tanzania by ensuring the availability, security, and efficiency of ICT systems that support parliamentary operations. With strong analytical skills, attention to detail, and a commitment to professional excellence, I believe I can add meaningful value to your ICT Department.

Thank you for your time and consideration. I look forward to the opportunity to attend an interview and further discuss how I can contribute to Ofisi ya Bunge.

Yours faithfully,

.....

Halidi Selemani Maneno
